

MA1A

Connected Smart Handle

ISEO[®]
ULTIMATE ACCESS TECHNOLOGIES

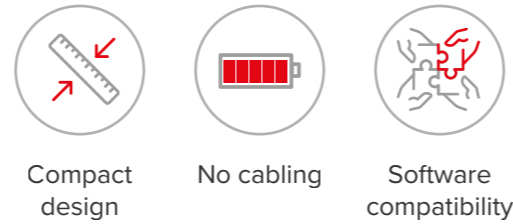

MA1A

MA1A Connected Smart Handle by ISEO is an extremely versatile and innovative solution. **Compact and easy to use**, it stands out for its elegant, contemporary design, combining refined aesthetics with functional practicality.

Its **quick and straightforward installation** makes it the ideal retrofit solution for internal doors, thanks to full compatibility with all DIN mechanical locks.

Integrated with ISEO's software platforms, the MA1A provides the perfect solution to ensure flexibility and freedom of movement.

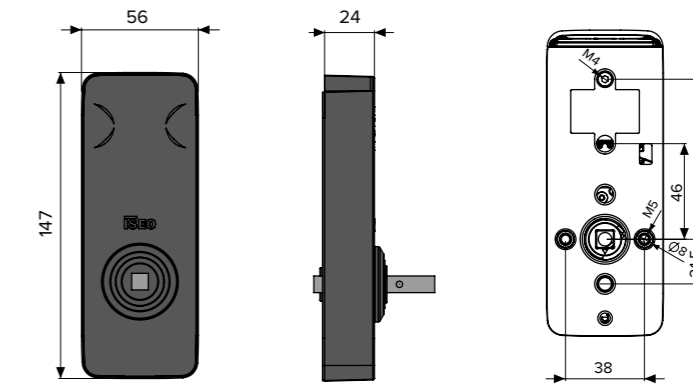

MAIN FEATURES

- The small dimensions allow versatility and ease of installation
- Battery power avoids costly wiring and allows much flexibility
- Bluetooth® low energy 5.1
- Compatible with all ISEO access control software
- Possibility to manage access with RFID (RFID cards, tags and keyfobs)
- The software can be upgraded on site via Bluetooth®

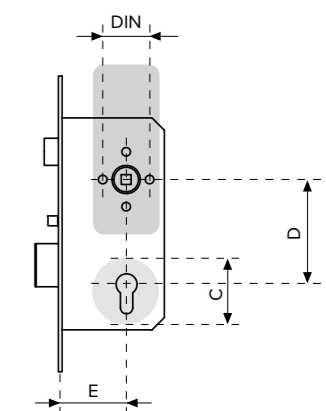

TECHNICAL SPECIFICATIONS

MA1A is compatible to all European DIN locks and thanks to the small dimensions is ideal for every access solution. The multi holes fixing plate, on the back of MA1A, allows great flexibility during installation, making it suitable for different applications.

MA1A dimensions

Installation

- Backset min = 35mm (E)
- Min center-holes distance = 70mm (D)
- Escutcheon max diameter = 52mm (C)
- DIN holes = 38mm (DIN)
- Max handle rotation angle = 40°

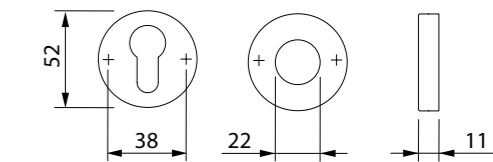

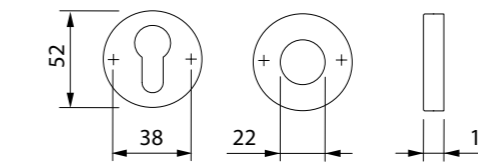

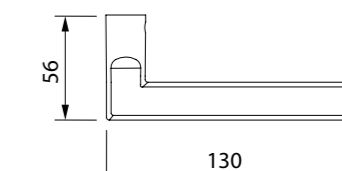

Power supply via 3 AAA-type 1.5V alkaline batteries

Handle dimensions

YUMA

URACAN

PROTECTION GRADE: IP54

MA1A is IP54 grade, that means protection from limited dust ingress and water spray from any direction.

BATTERY LIFE

Battery life follows the same high standard targeting of all ISEO smart devices: up to 2 years or 20.000 openings at 20°C *

COMPLIANCE DIRECTIVES

MA1A complies with the most common and required European directives: CE, UKCA, EN16867:2020 and EN1634-1

Safe Touch

ANTIBACTERIAL PROTECTION

Safe Touch is ISEO antibacterial and antimicrobial protection that can be applied to MA1A handles. It's a transparent top coating that reduces 99,99% of bacteria thanks to the silver ions, improving people hygiene and health and avoiding viruses spread for the entire life of the product. It is guaranteed even in case of surface scratches and it does not require any maintenance.

MA1A is available with 2 different stylish handles in 2 finishes:

YUMA

URACAN

Handles are available with Safe Touch option.
